Installation Guide DCP Limit Tool

Florian Dorgerloh 21.12.2024 Leipzig

Ref. 0001A

1. Download the tool from ECC's website at <u>www.ecc.de > Access > DCP Members ></u> <u>DCP Risk Management</u> and save it to a local directory.

Please note that the tool is optimised for Windows systems and requires German, English or Spanish language settings in Excel. You can easily change the language settings through the Control Panel.

2. Enable the macros in the Excel tool. This can be done in two ways.

• Method 1:

Right-click the file, select "Properties," and under the "Security" tab, allow the macros.
