Guarantees of Origin Futures Delivery Process

August 2024

part of eex group

Overview

- The physical settlement of transactions in Guarantees of Origin (GO) Futures shall be effected concurrently against payment of the purchase price (delivery against payment) by instruction of ECC to the French Registry for Guarantees of Origin.
- Selling Trading Participants must transfer the GO to the account held by ECC for the respective product, published on ECC's website: <u>ECC Delivery Accounts</u>. ECC instructs the Registry Administrator to transfer the GO to the account of the purchasing Trading Participant.
- The current list of eligible registries is published in the <u>TP_EEX_06 form</u>. At the time this document was prepared, the registries of the following countries are accepted for delivery: Austria, Belgium, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Italy, Ireland, Latvia, Lithuania, Luxembourg, Netherlands, Norway, Portugal, Slovakia, Slovenia, Sweden and Switzerland.
- Further information on the GO futures contracts are published by the EEX: <u>EEX contract</u> <u>specifications</u>, <u>contract details</u> (contract dates).

Standard Delivery Process

Expiry month (January)	 Sellers can start transferring GOs into the respective ECC registry account. Dedicated accounts per product will be used. <u>Please note:</u> All certificates delivered before the expiry month (January) will be rejected and returned. Derivatives positions of sellers and buyers are stated in the CB012 Eurex report (Common Report Engine).
Starting E-10	 ECC will start informing Trading Participants with uncovered sell positions regarding their delivery and payment obligations and request an active confirmation of acknowledgement.
Expiry day (E) 18:00	Last trading of the contracts, expiry after close of trading.
E+1 14:00	Delivery deadline for sellers, GOs must be credited to the respective ECC registry account
E+1 16:00	Payment cut
E+2 08:00	Payment release
E+2 16:00	Registry confirms the delivery to all buyer accounts
Central European	

Summer Time (CEST)

deviation from Standard process

Postponed Delivery

- In case at least one seller does not meet the delivery deadline at E+1 14:00 (delivery failure)
- The delivery to all buyers will be shifted by two hours (E+2 from 16:00 to 18:00).

Postponed Delivery with Buy-in Procedure

- At least one seller missed also the postponed delivery deadline at E+2 10:30 (delivery failure)
- Delivery to all participants will be shifted to E+3 14:30
- Missing amount of GOs will be purchased through buy-in procedure in an OTC Transaction with the contractual basis of the *RECS-Standard-GO* contract

Postponed Delivery with Buy-in Procedure and Curtailment

- At least on seller missed also the postponed delivery deadline E+2 10:30 (delivery failure)
- Delivery to all participants will be shifted to E+3, 14:30.
- Missing amount of GOs could be partly or not purchased through buy-in auction leading to curtailed delivery to buyers

>ecc

Pending Transfers & Unavailability of Registries

- In case transfers to buyer accounts are not possible due to technical reasons (registry failure) and transfers are returned to the registry account of ECC, a temporary registry account (backup account) will be setup on behalf of the Trading Participants in the French GO registry. It will be operated by EEX AG until the delivery issue is solved.
- Trading Participants should be aware that if a specific GO is not accepted by their registry, it may be rejected and therefore transferred to their back-up account on the French GO registry.
